

HARWINTON RECREATION FIELDS BUILDING COMMITTEE  
Minutes from May 10, 2010

Meeting was called to order at 6:20 pm

Members Present: John Goodno, Mike Flowers, Peter Thiery, John Fredsal, Tim Bobroske  
Guests Present: Steve Grabowski, HYSA

1. Discussed the construction of a pavilion to be located directly behind the concession stand. This would be a valuable addition to the complex and would be useful for summer recreation programs as well. Steve showed us a building design that specifies a 30'x36' structure. His conservative estimate is \$12,000 of which HYSA would like to pay half and be built mostly with volunteers. We took a walk to the proposed building location for siting purposes. Tim Bobroske motioned to spend up to \$12,000 from our remaining funds for construction of the pavilion under the direction and supervision of John Fredsal and further authorizes John Fredsal to review and approve building material invoices for payment as they arrive. Peter Thiery second the motion. All were in favor and motion passed. The committee favored funding the entire project since HYSA had recently contributed so much to the complex and had depleted their funds.

Peter Thiery moved for adjournment at 7:15 PM second by Tom Bobroske. Motion passed.
