I. Discussion of Solar Installations in Historic Districts

Chairman Romano reported that she has received an inquiry for a possible solar installation on Harmony Hill Road and is awaiting receipt of the application for review. Bree Gurin suggested that the Commission require photos of the home and roof taken from various angles, in all four seasons in order to better judge whether or not the installation will be seen from the road. She presented information from CertainTeed, manufacturer of Apollo II solar shingles and other solar roofing products. Joann Hohensee made a motion to have a representative from CertainTeed attend the August meeting to discuss alternative solar products. Seconded by Carole Romano. All in favor.

With no further business to discuss, the meeting was adjourned at 6:25 PM. The next regular scheduled meeting of the Commission will be held on Tuesday, August 16, 2016 at 7:00 pm.

Respectfully submitted,

Joann Hohensee, Secretary
